The Four Archangels

Found in many of the world's great religions, Angels are ethereal beings who serve as the divine messengers of God. They are majestic all powerful entities who work tirelessly to defeat evil and promote God's loving word among humankind. The highest of all in the angelic kingdom are the Archangels; Michael with the sword & shield (protector against evil), Gabriel with the horn (The Messenger), Raphael with hands out stretched (Healing) and Uriel with fire in left hand (Wisdom and Love). Pre-dating us by millions of years, Archangels are God's cosmic builders & designers, sent forth to emanate his divine blueprint for the spiritual foundations upon which our every endeavour—from the smallest to the greatest—can be built. Imagine the power of the Archangels, who for millions of years have done nothing but affirm the reality of God & expand his spiritual light in their beings. For this reason, the Archangels are also the most powerful healers, ministering and purifying us by transmitting the immense love & light that they have garnered in the service of God.

Connecting with the divine energy of these Archangels can help us greatly in our spiritual endeavours to embody God's love in our daily lives.
