Crystals & Gifts for the Spiritually Minded

Salt Lamps

Our Salt Lamps are hand crafted from Crystallised Salt formed by nature millions of years ago. Not only is the light from natural salt lamps soothing, they produce odourless ions to revitalise and energise the air. Beneficial anywhere, especially near computers, TVs and electrical equipment. Salt Lamps freshen and improve air quality & the atmosphere of a home, by reducing the proportion of positively charged ions. People suffering from allergies, asthma & respiratory complaints have gained relief.
